

Founded as El Paso del Norte, an important mountain pass,
El Paso's the only major Texas city on Mountain Time, alas.

EL PASO

Separated from Mexico by
the Rio Grande border,
El Paso joined our state by the
1850 Compromise's order.

"Sun City" is the "Six-Shooter
Capital's" popular new nickname,
and every August, the Fiesta de las
Flores is a beautiful claim to fame.

Now, across the Permian
Basin and Llano Estacado,
we will make haste.
Back east and north, we're
headed to Lubbock with
no time to waste!
